Hill Eleven Bowls Over Rochester

Long Runs Feature Sparkling 16-0 Win By Continentals

Carmer Brilliant

Farrell's Punting Bulwark Of Hamilton Defensive On Wet Gridiron

Playing in a driving snowstorm, the Hamilton Continentals struck three times in quick succession in the second quarter Saturday to score a decisive victory as they overpowered Rochester, 16-0, on the River Campus Field. This win was the first to be chalked up in the victory column for Hamilton this season.

Because of the condition of the field, which was a sea of mud by game time, the contest looked as if it were going to be a defensive battle. Rochester adopted these tactics from the very start of the game, kicking on first down and waiting for a break which never seemed to come. Hamilton, meanwhile, was able to roll up five first downs during the first quarter, but could not quite reach the final yard marker. Carmer, Sullivan, and Farell led the Hamilton attack, toting the ball around the Rochester ends for consistent gains.

Sullivan Breaks Clear

Shortly after the second period opened, Gene Sullivan smashed his way through tackle on the Hamilton 47-yard line, broke into the clear, and cut far to the right to plant the ball on Rochester's 9 before the secondary could cut him down. With the Buff and Blue offense clicking smoothly, Sullivan, three plays later, jammed his way across the goal for the opening tally of the game. Farrell kicked the extra point with Carmer holding, to make the score 7-0 for Hamilton.

Rochester, trailing, still elected to play a defensive game, but Dick Farrell matched the Yellowjacket's Oliver in punting, yard for yard. After an exchange of punts, Farrell kicked to the Rochester 5-yard line, where the fleet Marty Hilfinger dropped safety man Gersbach in his tracks. Oliver, attempting to punt out of danger from his end-zone, fumbled the ball and again Hilfinger smashed through and tackled him behind the goal line to score a

Faculty Meets, Approves Committee Suggestions

At the faculty meeting held last Monday afternoon, the subjects recommended by the Reading Committee for the Clark Prize Competition and for all the essay competitions were approved.

It was decided at the same time to approve the recommendation of the Reading Committee that the clause in the prize competitions rules reading "a competitor may receive only one award in any year" be stricken out, thus making a competitor eligible to receive several awards in essay competitions the same year.

The faculty also voted to extend the following rule, put into effect last year, through September, 1938:

"Candidates with an average school grade not below 'B' will be admitted in September, 1937, with three units of a single foreign language, or two units of each of two languages."

Root Addresses Student Body in Chapel Saturday

Noted New York Lawyer Claims Only Competent Succeed in Life

Addressing a capacity audience of trustees, faculty members, and undergraduates at the chapel exercises last Saturday morning, Elihu Root Jr., '03, warned the undergraduates to forego fame and to play instead to the smaller audience of personal friends and acquaintances. Mr. Root was on the Hill for the autumn meeting of the Board of Trustees, which was held immediately after the chapel service.

Mr. Root admitted that we all play to an audience, and said that we ourselves must decide to which audience we wish to play. He divided audiences into two classes, the first and smaller consisting of the small and perceptive group of family, friends, and business associates; the second and larger, of the large, gullible public.

Too many men, seeking fame, play to the latter audience. Nobody could be more deluded than they are: first, because sooner or later they will be found out and exposed; second, because the crowd

Phi Beta Kappa Society Inducts Five Seniors At Ceremony Tuesday

Allen, Cronin, Ellis, Gibbs, and Putnam Receive Highest Scholastic Honor

Five members of the senior class were inducted into the Hamilton chapter of Phi Beta Kappa at a ceremony held at the Faculty Club yesterday afternoon. Officiating at the ceremony was Professor William P. Shepard, '92, president of the local chapter.

The five seniors who were honored at yesterday's ceremony are Robert L. Allen, Hamadan, Iran; Walter F. Cronin, Oneida; David M. Ellis, Utica; Charles R. Gibbs, Whitesboro; and Alfred L. Putnam, Forrestville. All five lead their class in scholarship, having been the first to be chosen to Phi Beta Kappa from the class of '38. Allen is a member of the Lambda Chi Alpha Fraternity; none of the others have fraternity affiliations.

After the induction ceremony had taken place yesterday, Professor Dealey reported on the convention of Phi Beta Kappa which he attended this summer as the representative from the Hamilton chapter. He spoke briefly of the new constitution adopted by the honorary scholastic society and read the names of several colleges which had been granted chapters at this summer's convention.

About fourteen members of the faculty were present at yesterday's induction ceremony.

Students Acclaim Plans Of Gym Building Leaders

Twenty-Four Members of Undergraduate Committee To Begin Soliciting of Students November 1st

by Winant Sidle, '38

At a very enthusiastic meeting last Friday night the Hamilton undergraduate body heartily approved and promised to wholeheartedly support the activities and plans of the Alumni Gym Building Committee. Vociferously applauding the actions of the committee to date and loudly acclaiming suggestions as to what undergraduate fund-raising possibilities might be, the students showed definitely that they were 100 per cent behind the new gym movement.

The Alumni and faculty speakers outlined in brief what the committee has accomplished so far and what the undergraduates were expected to do in helping to make the campaign a success. The chief part of the undergraduate help is to come from personal solicitation, but many other activities have been suggested to help in raising the money.

Undergraduates Named

The student solicitation is expected to begin very shortly under the guiding hand of the Hamilton Undergraduate Gym Committee. This group is composed of 24 members picked from all of the fraternities and the neutral body.

College Debate Squad Plans Customary Full Season This Year

Team from Cambridge and Oxford To Meet Hamilton in Annual International Contest

As has always been the case in the past, the Hamilton debating team boasts of an extremely active schedule for this year.

The squad is composed of the seniors William E. Read and Walter F. Cronin, and of the juniors Alan B. McMillen, Frank W. Merritt, Hugh M. Curran, and W. Allenby Jones. Among the colleges which Hamilton teams will meet are Mount Holyoke, Middlebury, New York State Teachers, Union, St. Lawrence, Amherst, and Cornell. There are usually about ten extension debates held before Parent-Teacher Associations, men's clubs, and church societies in Utica and environs.

One of the most important extra-curricular events of the college year is the International Debate, which this fall will take place on Monday, November 22. For over ten years now two Hamilton men have debated against some English team each year. This fall's debate will be a split debate—that is, a member of the English team will side with one of the Hamilton men against the other two. The proposition to be debated will be: "Resolved, That isolationism is impracticable in the modern world." Cronin and Read will compose the American team.

A Letter From the President

To the Alumni and Undergraduates of the College:

It is my belief that no other building is nearly so greatly needed at Hamilton College as a new gymnasium with swimming pool, handball court, squash courts, etc. The present structure, which has served as a gymnasium since 1891, is more than a hundred years old. Although twice reconditioned to some extent, it falls short of being even a passable gymnasium in these days. Meanwhile, the size of the undergraduate body has more than doubled, the physical education requirement has been extended from one class to all four classes, a part-time instructor in that department has been replaced by four full-time men—all of which makes the need of larger and better facilities, particularly in the winter weather, most imperative. When a new gymnasium shall have been added to the present plant, Hamilton College will have an equipment for work in physical education hardly equaled anywhere.

The present gymnasium is sadly needed to provide more space for recitations rooms and for offices.

The assurance that a modern gymnasium is soon to be constructed on the campus will bring new life to every phase of the activities and interests of the entire institution. Those who contribute to it will be entitled to the lasting gratitude of all who are interested in the College.

Frederick C. Ferry

Senator Glass to Be Awarded Degree In Chapel Saturday

Senator Carter Glass, of Virginia, will receive the honorary degree of Doctor of Laws in the Hamilton College Chapel, on Saturday, October 30. The degree was to have been bestowed last June, but because of the death of his wife, Senator Glass was unable to come to Clinton to receive the degree at that time.

The convocation will resemble in form the meeting which took place last Saturday on the occasion of Elihu Root Jr.'s talk to the undergraduates. The undergraduate body will meet in the chapel at ten o'clock, and Dr. Ferry will preside over the meeting. It is hoped that Senator Glass will speak, although it is not known whether he will do so. When the exercises have been opened by Dr. Ferry, the choir will sing a number, after which the degree will be conferred. If Senator Glass consents to speak, he will do so immediately after receiving the degree. His speech will be followed by a second number by the choir, and the convocation will be closed by the singing of one stanza of "Carissima", in which the whole assembly will join. It is expected that Senator Glass will spend the rest of the morning on and about the campus and, with his party, will have lunch with Dr. and Mrs. Ferry.

At 10:30, classes will be resumed in accord with the usual Saturday morning program.

Undergraduate Campaign for New Gymnasium Is Started at Meeting Held Friday In Hall of Commons

Alumni Organization Plans Are Placed In Operation

Drive Nationwide

Heads of Regional Districts Are Busy In Securing Aid of Workers

The Hamilton Alumni Gymnasium Fund Committee, outgrowth of a "Committee of One Hundred" and a so-called Executive Committee, was formed last November when William M. Bristol, '17, was asked to head a committee of the alumni to consider ways and means for raising funds to build Hamilton a new gymnasium.

After several months of extensive preparation for this fall's campaign, the Gymnasium Fund Committee was reorganized and set in final form at a dinner held in New York City on September 24. The entire country had been divided into Regions, and several regional delegates were present at the dinner, where they were instructed in the organization of their Regions by Arthur R. Hanser, representing the firm of Pierce and Hedrick, New York, which has arranged the details of the drive.

Drive Gets Under Way

After a few more changes and additions, the Alumni Gymnasium Fund Committee and subordinate committees have at last been drawn up in final shape, in preparation for the big drive for funds now beginning. The drive is being opened by regional dinners held all over the country. A list of the members of the various committees for the campaign follows:

(Please Turn to Page Four)

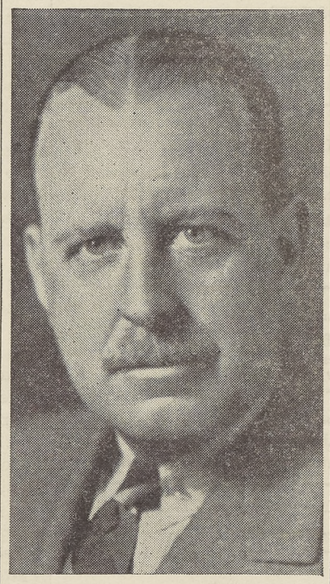
Keep In Touch With the Drive

Hamilton Life, news-organ of the undergraduate body for the past 38 years, has been chosen the official medium through which Alumni will be kept informed concerning the Gymnasium Fund Campaign.

Willing to do everything within its power to help Hamilton get a new gymnasium, Life has offered all the services at its command to the Gymnasium Fund Committee.

Hamilton Life solicits your support. Keep in touch with the Gymnasium Fund Campaign by subscribing to Hamilton Life now.

Committee Chairman



William B. Bristol Jr., '17

William B. Bristol, Fund Chairman, Tells of Gym Plans

Head of National Campaign Talks to Faculty Club Friday Afternoon

William B. Bristol, '17, of Hillside, N. J., addressed the Faculty at a meeting held in the Faculty Club last Friday afternoon, October 22. Mr. Bristol is chairman of the National Campaign Committee for the Gymnasium Fund Campaign.

Mr. Bristol's speech in the Faculty Club paralleled his remarks at the All-College Dinner Friday evening. In it he outlined to the members of the Faculty the plans now under way for raising the necessary funds for the new gymnasium to be erected on the Hamilton College Campus. He stressed the need for concerted effort, spoke of the Committee's hopes of having the required $400,000 pledged by Thanksgiving, and described some of the features to be incorporated in the new building.

Charlatans Plan Gym Fund Gift

Proceeds of Play to Be Given In Utica Will Assist the Undergraduate Drive

Following a suggestion made by Mr. George H. Sicard, '06, at the All-College Dinner last Friday evening, the Charlatans plan to give a play in Utica. The proceeds of this play will be donated to the gym fund.

At a meeting called yesterday, the members discussed the question of what play to select for the first presentation of the year. It was finally decided to present two short plays: "Waiting for Lesty", by Clifford Odets, and "Love of One's Neighbor", by Leonid Andreyz. Rehearsals will start next week and the plays will be presented soon after Thanksgiving.

The names of the new members selected after last week's try-outs are: Santry, '38, Daw, '39, Kennedy, '39, Barfoot, '39, Barton, '40, Langdon, '40, Waskiewicz, '40, Toulakas, '41, Ogilvie, '41, Mangan, '41, Bonnett, '41, and Bushnell, '41. These men were selected out of thirty trying out for the Charlatans.

Students Are Urged to Lead Fund Drive For Building

Bristol Presides

Prettyman Shows Drawings Of Proposed Addition To College Campus

by Edward W. Kellogg Jr., '39

"Hamilton is going to have a new gymnasium, but to get it, to accomplish that result, requires hard work, spirit, hours of time, and lots of money." In this manner, William M. Bristol, '17, chairman of the National Campaign Committee as well as of the meeting held last Friday night in the Hall of Commons, opened his remarks.

This All-College Dinner, which served the dual purpose of a rally for Saturday's football game with Rochester as well as marking the start of the Undergraduate Drive for the Gymnasium Fund, was overflowing with a feeling of determination and optimism never before present on the Hill. An alumnus was heard to remark that he had "never seen such spirited enthusiasm at Hamilton on any occasion—at any time in the past."

Singing Is Spirited

The speeches given were short, terse, and rousing; the band was forced to play tune after tune to keep up with the spirited singing of the undergraduates.

Chairman Bristol went on to say that the Gymnasium Fund was going to have "a subscription from every living Hamilton alumnus." Younger men constitute the majority of the Alumni, and are not in a position to subscribe to the fund as heavily as are older men. However, every man, the undergraduate included, can contribute something.

Gym to be Built Soon

When speaking of the proposed gymnasium, he said, "The senior class may not see it, but the rest of you in the college will." The campaign is being conducted as swiftly as possible, and "the foundations of the gymnasium will be laid as soon as the campaign is over".

Thus did "Billy Bristol, the open field runner who will come across the goal line with a gymnasium under his arm," set the spirit of the evening.

Although there was but a short rally for the football squad, the team caught that spirit and carried it out on the field the next day to smother Rochester.

Athletic Apparatus Needed

Following him, and receiving a tremendous ovation, was faculty member and Honorary Chairman William P. Shepard, '92. The audience was given a laugh as "Bill Shep" started out. "Fifty years ago, I entered college here as a freshman and saw what was called a gymnasium in those days." Since that time, he went on, the Physical Education system of Hamilton, which has had great success, has grown to such proportions that it is now handicapped by lack of apparatus. The apparatus should be forthcoming with the new gym.

President Ferry termed the present gymnasium as "the fly in the ointment of the college". He told the students how parents of prospective freshmen are steered away from the gym to be shown the hockey building and the golf course instead.

HAMILTON COLLEGE, CLINTON, N. Y., OCTOBER 27, 1937

APPRECIATION

The present gym fund drive is by no means the result of a sudden decision by some alumnus or group of alumni to do something about the physical education situation at Hamilton. It is the result of months of untiring effort by various alumni committees to initiate and organize a campaign which will not, like so many others, die a premature death. It is the result of years of dreaming and planning by the members of the Physical Education Department, whose efforts to bring Hamilton a new gym can never be calculated. Words cannot hope to express all that the college and the undergraduates owe them for their labor. We shall not try to. We would only pause here to tell them that we are, really, deeply, sincerely, grateful.

GYM

The rally last Friday night should have convinced all doubting Thomases of one thing at least—namely, that the undergraduates want a new gym just as badly as anybody. Any one who feels that the student body isn't behind the efforts of the National Campaign Committe down to the last man should have attended Friday's meeting. More college spirit was evident at the All-College Dinner than has ever permeated the halls of Hamilton since first we climbed the Hill. Nor did the undergraduates wait to take their cue from the presiding chairman or from the band. Most of the singing Friday night was spontaneous, started by small groups here and there and immediately taken up by the entire body.

But the college spirit which made Friday's rally the best we have yet attended was not the College Spirit which one finds scattered with capital letters through all the pages of College Humor. It was not the raucous, rah-rah form of self-enervation which high school students consider the truly collegiate. It was rather the spirit of a group of undergraduates united in a common cause, with one common objective. And to us the very lack of boisterousness seemed to indicate a deeper determination and self-dedication than any amount of hoarse-voiced yelling could ever have done.

There is no shadow of doubt left in our minds. Every undergraduate wants that gym.

BUT WANTING IS NOT ENOUGH

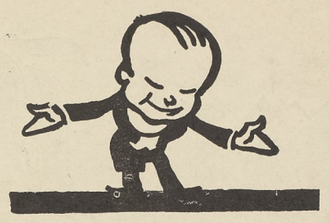
Yes, every undergraduate wants a new gym. But wanting a new gym and being willing to do everything within one's power to get that gym are two entirely different things. And now, if ever, is the time for every undergraduate to pledge his utmost to the support of that gym.

We are not referring entirely to financial support. No undergraduate can afford to contribute heavily himself to the gym fund. But there are many things which the student body can and should do, both to help raise the needed money and to keep interest in the new gym continually alive. Mr. Sicard made several practical suggestions at the rally the other night, one of which the Charlatans are already considering adopting. Some of the others will be formally proposed to the undergraduate body by the Interfraternity Council. But none of Mr. Sicard's suggestions will ever accomplish anything if only a few of the undergraduates back them. They need the support of the entire student body.

Another thing which the undergraduates can do is to keep the dream of a new gymnasium continually alive. They should talk about it constantly, at home and at college, anywhere that financial assistance for the gym might possibly be available.

After all, it is going to be our gym. And although we may have seemed apathetic in the past, that was largely because we could not do much by ourselves, because every attempt of our own seemed premature. But now the untiring efforts of the Physical Education Department and of the Alumni Gymnasium Committee have left us no excuse for inertia. Now we must act.

CARPE DIEM



Carpe feels that this week has really been a hangover from house-party—one of jigsaw concentration and slapstick recitations—and that a lot more can be said on the subject besides what sneaked by the censors last issue. As far as we were concerned, this last was one of the best house-parties we've been to yet. But the strange part of it is that everybody else seems to agree with us. Here are some conversations typical of those overheard around the campus a week ago Monday.

Getman:—"How was the party at your house?"
Pooley:—"Gee, wonderful."

Riddleberger:—"I only had two hours of sleep last night."
Carmer:—"That's nothing, I haven't slept since Sunday night."

This all goes to show that house-party doesn't leave much of the undergraduate body. So the burning question uppermost in our pulpy minds is whence have we come, and whither is it leading us?

* * * * *

Field Secretary Slim Yerxa and undergraduate Buddy Materne went to the Biggest City in the World last Saturday and stood on the corner of Lexington Ave and 48th for some time, exchanging courtesies with passers-by. Suddenly at their elbow a fire alarm set up a terrific clamor, which continued for about five minutes without cessation. A typical fire-in-New York scene followed: hook and ladders, shrieking sirens, emergency squads, policemen, honorary firechiefs, and a tremendous mob of spectators arrived on the spot in less time than it takes to say "Shuttle to Times Square". Texas Christian was leading Fodham 6-0, and there wasn't any smoke or flame to be seen on the corner of Lexington and 48th. A perspiring rubberneck turned to the Yerxa-Materne combination with a flow of gasping curses which ended in: "And Fordham was on the four-yard line."

* * * * *

Myron Carmer plays football with his head just as well as with the rest of him. This was well borne out in the Rochester mud puddle last Saturday. Myron was stalled in mid-field with several Rochester leeches clinging to him, preventing him from making progress in any direction or even from falling down. An enterprising opponent rushed up to him with dispatch and tried to grab the ball from his hands. Myron, with his customary presence of mind, reprimanded him with the words; "Aw, come now, that's kid stuff!" Whereupon the offender blushed violently and retired to the protective apron strings of the referee.

* * * * *

Did everybody notice how the we-don't-miss-a-trick Observer-Dispatch got a candid one, for their Sunday pictorial section, of Tommy Platt in a guilty embrace?—Naughty Theron.

Alumni Notes

By Professor Edward Fitch

David R. Rodger, M.D., '82, and Mrs. Rodger celebrated their fiftieth wedding anniversary on October 12, when they were guests at a dinner at the home of their daughter, Mrs. Arthur Coelho, in New York City. Dr. Rodger practiced in Richmond Hill, N. Y., until five years ago when he retired from active practice. He is the father of Robert W. Rodger, '13.

At the meeting of the Presbyterian Synod of New York, held in Utica October 18 to 21, the Rev. George D. Miller, D.D., '89, of Warsaw, placed the new moderator in nomination. Other alumni who were in attendance, some of whom visited the Hill, were the Rev. E. J. Humeston, D.D., '99, the Rev. F. E. Van Wie, '96, the Rev. E. W. Robinson, '10, the Rev. C. H. Dayton, '14, and the Rev. Fenton E. Crutchley, '32, and, representing the laity, Robert B. Maryin, '92.

The First Presbyterian Church of Troy, Pa., where the Rev. Montague White, '22, is pastor, has received the gift of a complete installation of tower chimes.

Franklin T. Mathewson, '28, science teacher in the East View Junior High School of White Plains, is now president of the New York State Science Teachers' Association for his second year.

Miss Mary Elizabeth Wiley, daughter of Mrs. James A. Wiley, was married to Pano S. Chacona, '29, in Syracuse, on October 16. Mr. and Mrs. Chacona are at home after November first at 246 Crescent Avenue, Syracuse.

George Clark Jr., '29, a graduate of Columbia Law School, and a member of the New York State bar, after working for a time with the legal department of the West Publishing Company of St. Paul, Minn., in editing court cases for their publications, decided to become an editor himself. He now publishes a monthly digest of lower court decisions of the first and second judicial departments, as they appear in the New York Law Journal. The title of the publication is "Clark's Digest Annotator", by the Kimball-Clark Publishing Company. Dudley B. Kimball, '15, is a member of the firm.

Bernard Ulmer, Ph.D., '29, is instructor in German at Princeton University.

Lucas Boeve Jr., '31, and Miss Eldora Van Buren of New Rochelle were married on October 23. The Rev. Robert G. McGregor, D.D., '97, was the officiating clergyman, and A. Van Wagenen Hancock, '31, was best man. The couple will reside in Bronxville.

E. Judson Humeston Jr., '32, candidate for the doctor's degree in the Romance languages at Princeton University, is this year an instructor in Hollins College, Virginia.

On October 24, Dr. Walter H. C. Laves, formerly professor of political science at Hamilton, took part, with Professor Strevey of Northwestern University, in a radio broadcast on: "The United States Neutrality Act".

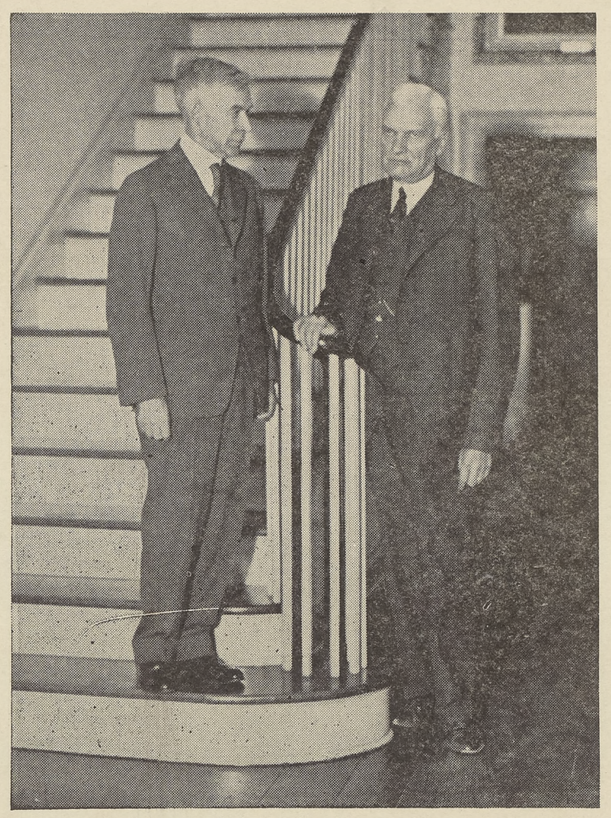
Life Subscription Only $1.50 Now

For the benefit of all those Alumni who would be interested in following the details of the Gymnasium Fund Campaign in its developments from week to week, the staff of Hamilton Life has decided to offer a special subscription of $1.50 for the rest of the college year.

Life has been chosen the official medium for keeping the Alumni in touch with the campaign. There will be at least 22 more issues of Life between now and the commencement exercises next June. All of the latest developments in the drive to raise enough funds to build Hamilton a new gymnasium will appear in Hamilton Life—the conducting of the campaign, the success of its outcome, and eventually, we hope, the laying of the foundations for the building itself.

Every alumnus is urged to keep in touch with the campaign by subscribing to Life now—for only $1.50 for the rest of the year. Just sign and mail the coupon to be found on page 6. By doing so you will assure yourself of keeping up-to-date with the Gymnasium Fund Campaign.

Mr. Burke and Dr. Ferry at Trustees' Meeting



President Frederick C. Ferry greets Mr. Daniel Burke, '93, following his election as Chairman of the Board of Trustees Saturday morning

Chairman of Board Stresses Gym Need

To the Editor of **Hamilton Life**:
Dear Sir;

The Trustees of the College have heartily and unanimously approved the efforts of the Committee of the Alumni headed by Mr. William Bristol as Chairman to obtain for us a new gymnasium. When the matter was submitted to the Board every Trustee present at the meeting was asked to express his opinion and all agreed.

Lest any should misunderstand the position of the Trustees, it ought to be stated that, while the present endowment of the College is considerable, they have not sufficient available funds, which they would be warranted in appropriating to the building of a gymnasium. The unrestricted endowment of the College as stated in the last report of the Treasurer was less than $250,000. This modest sum is wisely reserved to meet possible emergencies. If some unexpected disaster should come to the physical equipment of the college such a sum might be too small with which to repair the damage.

From the earliest days the College has been maintained and improved by its alumni or near neighbors. When the neighbors gathered around Baron Steuben, representing the Regents of the State of New York, for the laying of the corner stone of Hamilton Oneida Academy, they included the contributors to the fund for building the institution. Eli and Joel Bristol were among the leaders as are the Bristols of to-day. All had a part in the subscription. There were seventy-eight of them; and they subscribed what they could in money and in kind. Each man's gift on the average was about ten dollars in money, two days' labor, five acres of land, two hundred fifty-six feet of lumber, thirty-eight nails and twenty-five shingles; and some of the money was payable in grain, or special work or pine boards as the case might be.

The need for a new gymnasium is admittedly great. We, on our part, call upon the Alumni and friends of the College to give in the same spirit in which the neighbors in Clinton gave the foundation fund. Our Alumni have supported their college in the past. They will do it now.

Some great givers of our Board have gone; but we, to whom this college was left by them as a heritage, will unite and every man give his portion of the monies needed to purchase the materials for a modern gymnasium.

DANIEL BURKE

Dr. Stieg requests each undergraduate to do his utmost to locate Volume III of Mixed Records, missing from the Record Library.

Burke Is Elected Board Chairman

Anonymous Donation Is Accepted To Found Prize Scholarships For Students of Geology

The annual fall meeting of the Board of Trustees of Hamilton College was held here Saturday, October 23, in Buttrick Hall. At this meeting Daniel Burke, '93, prominent New York City attorney, was named to succeed the late Elihu Root as Chairman.

Henry P. Bristol, '11, of New York, who is president of the Bristol-Myers Pharmaceutical Company, was elected vice-chairman. Other elections to the board included that of Edgar W. Couper, Binghamton insurance man, who was elected for a seven-year term of office. Couper graduated from Hamilton in 1920, and since that time has been a frequent visitor to the Hill, maintaining an active interest in the college. Charles A. Miller, New York, and John L. Strickland, '04, Utica, whose terms expired this fall, were re-elected for seven-year terms.

The Board heard reports and accomplished routine matters during the remainder of its session. It also accepted a foundation amounting to $1250 from an anonymous donor for the establishment of a prize in geology to be awarded annually to the senior with the highest grades in that subject.

New Gym to Contain Latest in Modern Equipment

List of Regional Workers For Country Is Released

Each Region Is Divided Into Small Zones to Facilitate Contact of Alumni in Solicitation of Funds

In its endeavor to contact every Hamilton alumnus for the purpose of raising funds for the proposed gymnasium, the National Campaign Committee has divided the country into several different regions, each with a regional chairman of its own. Each of these regions, in turn, has been subdivided into zones.

In each zone certain alumni have been persuaded to act as so-called "workers" in their own respective areas. When the list of workers is finally completed, the big drive for funds will actually begin, and if everything turns out as expected, Thanksgiving will find the $400,000 aimed at by the Committee pledged in its entirety.

The list of all those who have already agreed to act as workers follows:

LIST OF WORKERS

REGION I

Zone 7

John Alison 2nd, '28
Morris B. Mahannah, '25
George W. Waters, '35

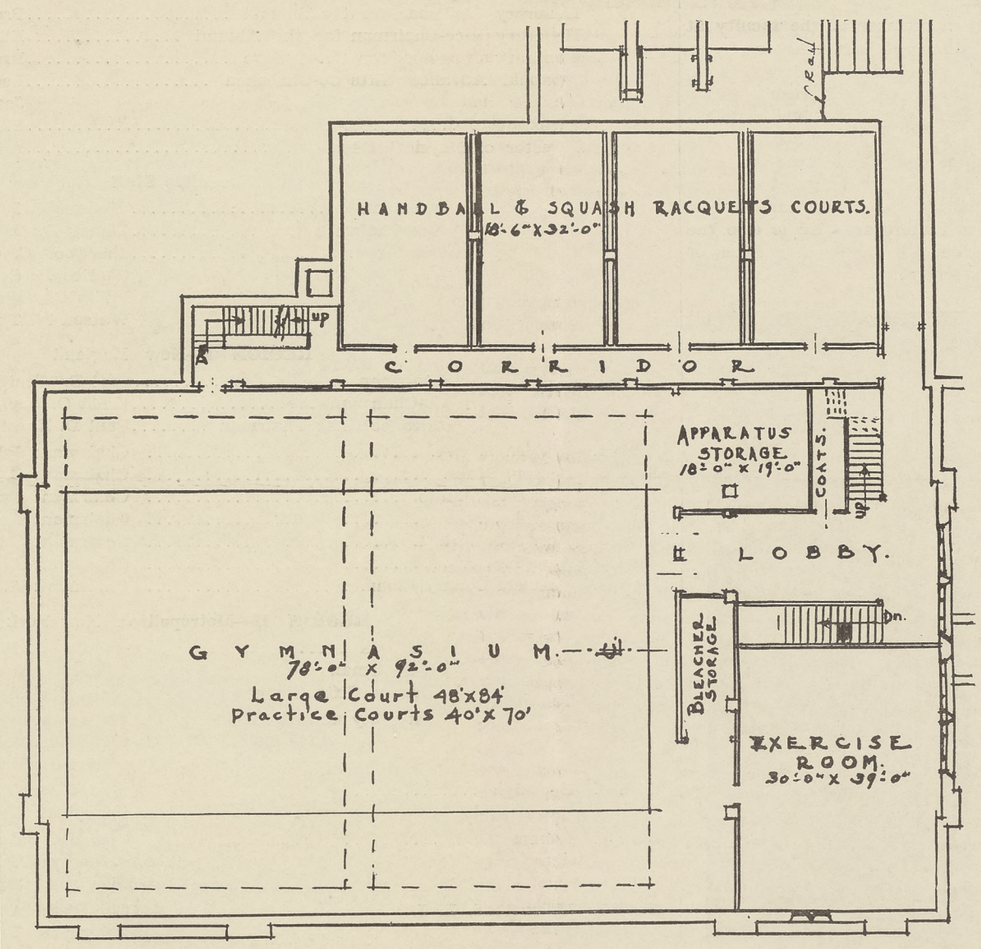
Proposed Plans for the Second Floor of the New Hamilton Gymnasium



A drawing of the Second Floor of the new Gymnasium, which will include a regulation basketball court which can be divided into two practice courts, as well as individual squash and handball courts, an exercise room, and galleries capable of seating 270 spectators at swimming meets. The galleries run the length of the right-hand side of the pool.

The Gym Fund Drive

The Gymnasium Fund Campaign now under way is the outgrowth of several years of agitation and solicitation on the part of different groups and different members of the alumni and undergraduate bodies. Not until now, however, has the drive for funds been thoroughly and systematically organized, under one central committee—the Alumni Gymnasium Fund Committee.

This committee was the successor to a so-called "Committee of One Hundred", which included alumni of all generations interested in building a new gymnasium. There was, in addition to the "One Hundred", an Executive Committee, which helped to pave the way for the later Alumni Gymnasium Fund Committee.

Three years ago a premature agitation among the undergraduates succeeded in rousing interest in the new gymnasium, if in nothing else. But this drive died an early death, and since that time no concerted effort has been made among alumni or undergraduates until this fall. Now, after months of intensive preparation, the Alumni Gymnasium Fund Committee has at last perfected its plans for raising the necessary funds and is already putting them into effect.

Additions Include Squash Courts and Fencing Room

Students Will Have Full-Length Lockers In Addition to Advantages of Swimming Pool and Ski Room

The proposed plans for Hamilton's new gymnasium have at last been released. They show a building which will be up-to-date and modern in every detail, in sharp contrast to the antiquated structure which now bears the name of the Hamilton Gymnasium.

The new gymnasium will when built, serve as the center of all Hamilton athletic activities in more ways than one. In the first place, it will be centrally located, as can be seen from the ground plan on the preceding page. In its location between the Sage and Chemistry Buildings, the gymnasium will be at the very center of Hamilton's athletic-field facilities, with the football and soccer fields on one side, the golf course, tennis courts, and hockey rink on another, and the college campus on the third.

Very few other college campuses are as fortunate as Hamilton will be in its athletic lay-out. There will be no main highway or public thoroughfare cutting across between the gymnasium and any of the athletic fields or between any of the fields themselves.

The new gymnasium will consist of three stories—a ground floor, a second floor, and a basement where all undergraduates out for sports will be able to leave their athletic equipment before entering the locker room on the floor above. In addition to the three regular stories, there will also be a fourth section to the building directly above one end of the main portion of the gymnasium; this will contain a fencing room and observation galleries where spectators may watch contests in the squash and handball courts or on the basketball court in the gymnasium proper. The galleries above the gymnasium floor will hold only a limited number of spectators; at basketball games, wrestling meets, fencing bouts, or other contest held in the gymnasium proper, special seats can be pulled down from the walls onto the main floor of the court.

The new building will be connected to the Sage Building by an enclosed passage and a covered area which will serve as a place for the practice of indoor field events, baseball, tennis, and badminton. At one end of this baseball cage there will be a pit for broad jumping, high jumping, pole vaulting, and shot putting. This area will be lighted by a special window arrangement in the ceiling which will cut out all glare.

One important feature of the new gymnasium will be the inclusion of a regulation swimming pool, long a hearfelt need at Hamilton. The swimming pool itself will be reached from the main floor, while galleries for spectators lining one side of the pool will be reached from the floor above. The pool will fill one entire wing or extension of the gymnasium and will be one of the most up-to-date swimming pools in the country.

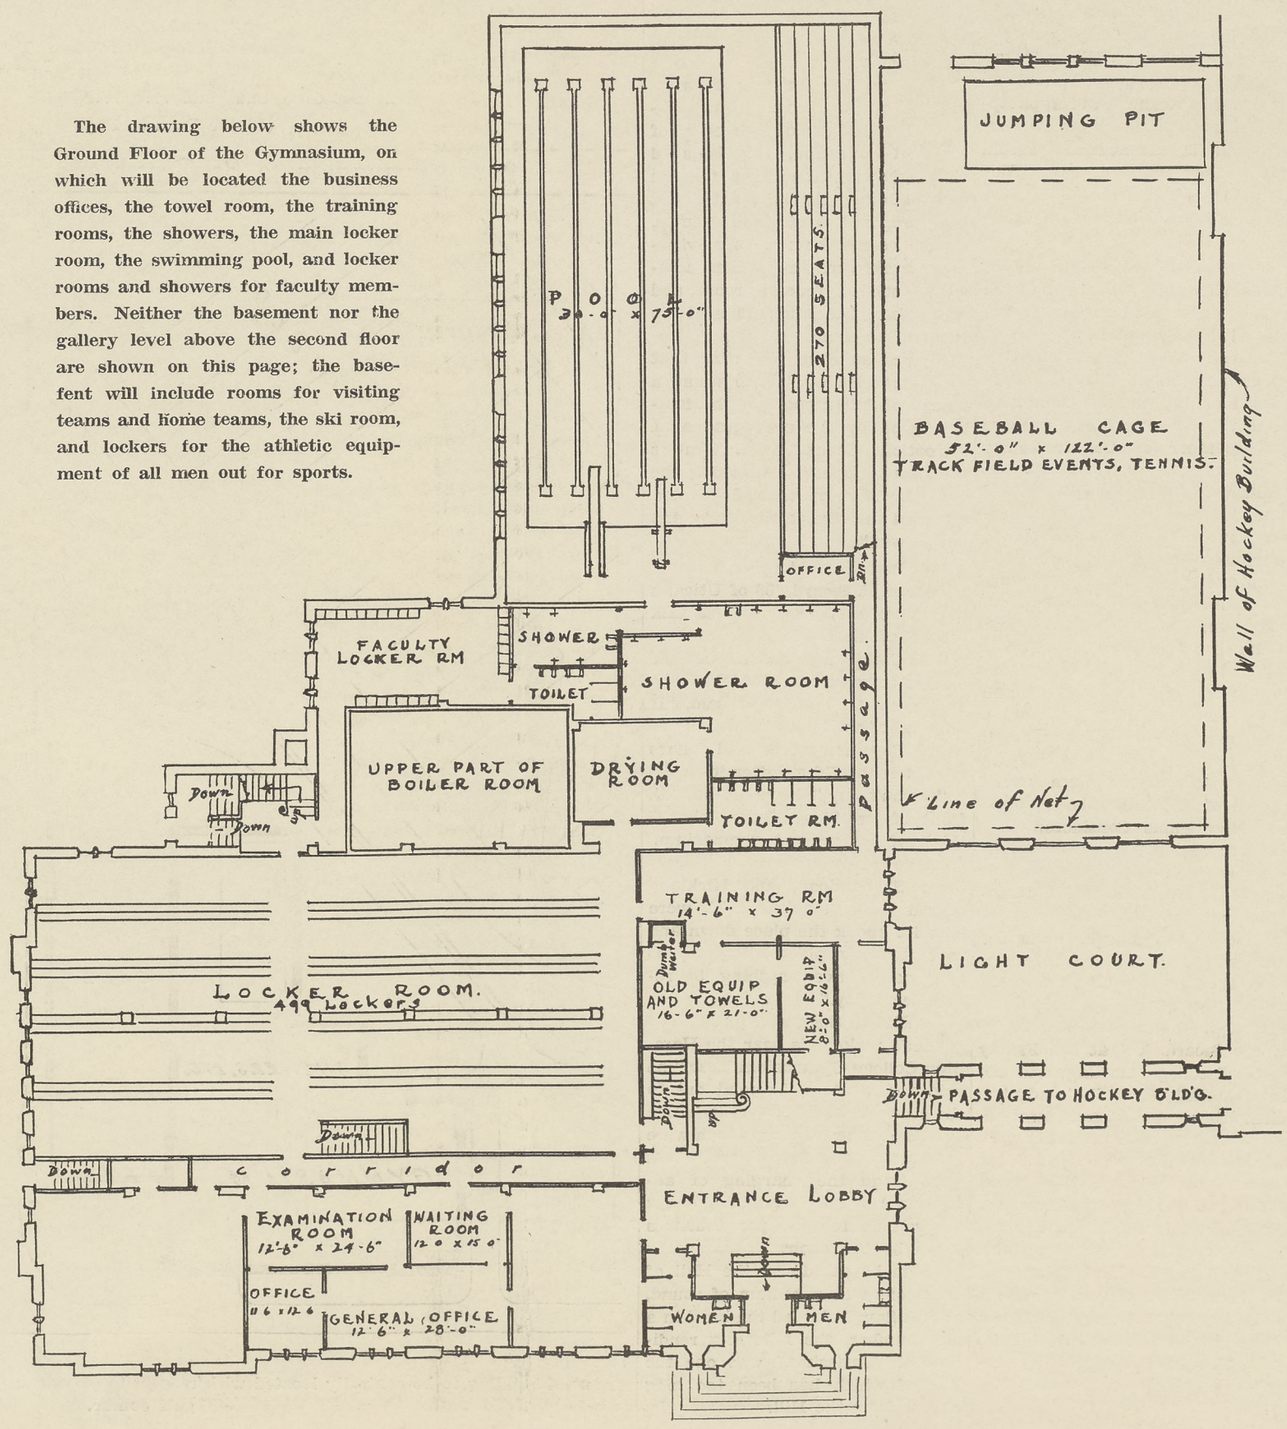
Also on the first floor of the building will be the business offices, the towel room, the showers, the training room, a locker room and showers for faculty members, and the main locker room, in which each and every undergraduate will have a full-sized locker to himself. Each undergraduate will keep the same locker throughout his four years in college. In the basement will be lockers for the athletic teams, both varsity and intramural; there will also be three large rooms for visiting teams, as well as two for home teams.

The gymnasium proper will be located on the second floor. It will include a regulation basketball court with spectators' galleries running along two sides of it; it will be large enough so that when not in use for basketball contests, it can be divided into two practice

(Please Turn to Page Six)

First Floor to Include Swimming Pool, Locker Rooms, Showers, and Business Offices

The drawing below shows the Ground Floor of the Gymnasium, on which will be located the business offices, the towel room, the training rooms, the showers, the main locker room, the swimming pool, and locker rooms and showers for faculty members. Neither the basement nor the gallery level above the second floor are shown on this page; the basefent will include rooms for visiting teams and home teams, the ski room, and lockers for the athletic equipment of all men out for sports.



Old Gym to Remain, to Hold Publication Offices

Almost as urgent as the need for a new gymnasium at Hamilton is the need for the extra space which will be made available by the transfer of the physical education department from the present building to the new one. The present building will probably be left standing, although its interior will be entirely done over.

It is expected that the present building will provide room for the classes in mathematics and public speaking which now meet in the Root Hall of Science, thus leaving Root Hall entirely at the disposal of the physics department, long in need of larger quarters. It is also hoped that room may be found in the old gymnasium for offices for **Hamilton Life** and publications.

DRUGGIST and GROCER
The Reliable Store
J. W. Delahunt
CLINTON, N. Y.

Among The Clubs

* * *

Speaking at the first regular meeting of the History Club to be held this year, Mr. Ibbotson, '90, Librarian Emeritus, will take as his subject "Samuel Kirkland, Founder of Hamilton College". The meeting will be held in the home of Dr. Milledge L. Bonham Jr. next Friday evening, October 29. At the same meeting, President Ellis announced, a vice president and a secretary-treasurer will be elected.

Speeches by Drs. Hess, Butcher, and Rogers will mark the first meeting of the Biology Club to be held this fall. The meeting, at which William C. Bornmann, '39, and John R. Carter, '39, will also speak, will be held in the home of Dr. Butcher next Friday evening. The three members of the Biology Department will discuss their summer work of past years, while Bornmann will describe the history of the 17-year locust and Carter will tell of the protonsil and its effects.

LIFE Posts Results Of Rochester Game

Once again **Hamilton Life** kept the undergraduates in quarter-by-quarter touch with the team during the game with Rochester last Saturday afternoon. As reports from a special correspondent in the Rochester Press Box were received over the telephone, they were translated into typewritten accounts and posted on a bulletin board in the College Store.

This news service, latest in the series of services performed by **Hamilton Life** in its attempt to become the leading news-organ on the Hill, was met with great success, both during the course of the Hobart game and during the course of Saturday's encounter with Rochester. The bulletin board in the College Store was surrounded by interested students as Hamilton gained 16 points against its Rochester opponents and then held them for a 16-0 victory, the first of the season.

The College Store was picked as the location of the bulletin board because it is felt that the Store is and properly should be the sports center of the campus. And since the College Store is being run for the benefit of the Undergraduate Association, no place could be more fitting for such a news service. In addition to the Rochester bulletin, the results of the soccer victory against Bard and of other collegiate football contests were also posted as they came in. A radio near the bulletin board enabled those present to follow the heated Colgate-Duke bout play by play.

It is expected that **Hamilton Life** will again sell hot dogs at this Saturday's football game here in Clinton. In addition to the hot dogs, **Hamilton Life** will also sell candy and cigarettes, and possibly coffee.

College Band Cheers Team At Rochester

College Gives Money to Band for Purchase Of New Scores

A forty-piece band under the direction of Sam L. Lake, '39, has been representing Hamilton College at the football games this season and has been receiving enthusiastic support from the Administration and undergraduates alike, if recent donations of money are reasonable indices.

Weekly practices in the gymnasium and the Sage Building, of which marching and letter-formation have been an important part, have been conducted by Director Lake in preparation for the games, while the Band's enlarged repertoire of music and its increased membership show evidence of its becoming a vital factor on the campus. The band has been considerably bolstered by the addition of new members from the class of '41.

Through the cooperation of the Interfraternity Council, money was solicited from the members of the student body in order that the musical ensemble might hire a bus to attend the Rochester game. The amount contributed by each undergraduate was 25 cents.

The Administration has likewise made a donation for the purchase of additional music scores, enabling the band to enlarge its repertoire considerably.

Director Lake has selected Seth J. McKibbin, freshman from Hornell, N. Y., to lead the Band as drum major. McKibben has had previous experience in High School.

The band has performed at every home football game this season and led the undergraduates in singing at the All-College Dinner in the Hall of Commons on the occasion of the launching of the Gymnasium Fund Drive among the undergraduates last Friday night.

It also played numerous selections of its own at the Dinner. Noticeable this fall has been the variety of pieces which the Band knows, as well as the quality of its playing.

Fifteen Join Church At Communion Service

The first communion service of the year was held by the members of the College Church last Sunday afternoon, at 3 o'clock. The Rev. Harold B. Walker, who was the chapel preacher on the morning of the same day, administered the communion. At the service two new elders of the College Church were installed. Harry E. Judson, '39, and Peter Vanderwaart, '40, are now members of the session.

Church membership has been considerably increased by the addition of the following men to the rolls: William Wallace Aitchison, George P. Campbell, John R. Campbell Jr., Fred A. Deyo, George M. Frees, John H. Gardner, Edward B. Leary, Seth J. McKibben, Laurence P. Miller, Clyde J. Moon, John T. Symes Jr., Robert Towner, Horace G. Underwood, James H. Underwood, and John T. Underwood. All these men with the exception of Horace G. Underwood '39, are members of the class of 1941.

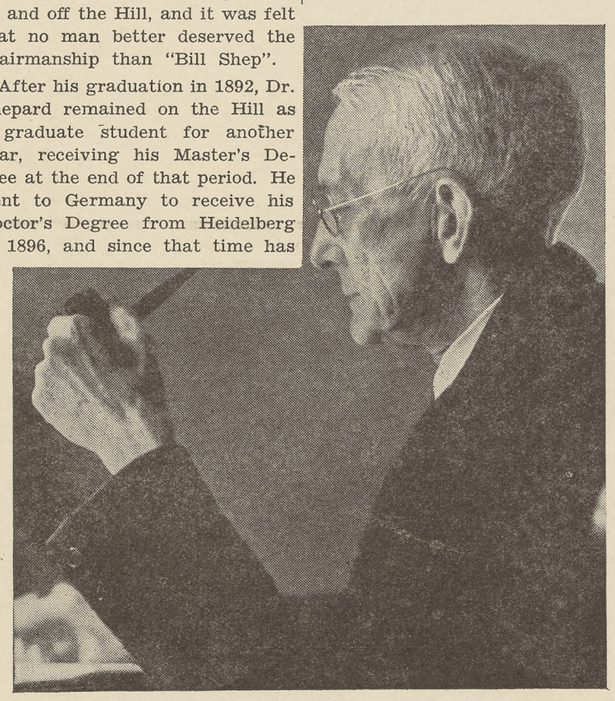
Shepard Active in Drive As Honorary Chairman

Member of Hill Faculty Is Chosen Unanimously by National Gym Fund Campaign Committee

In recognition of his long and devoted service to Hamilton College, Dr. William P. Shepard was unanimously elected Honorary Chairman of the Hamilton Alumni Gymnasium Fund Committee at the first meeting of that group on October 1 in New York City. Since his graduation from Hamilton in 1892, Dr. Shepard has worked loyally and constantly to advance the interests of the college both on and off the Hill, and it was felt that no man better deserved the chairmanship than "Bill Shep".

After his graduation in 1892, Dr. Shepard remained on the Hill as a graduate student for another year, receiving his Master's Degree at the end of that period. He went to Germany to receive his Doctor's Degree from Heidelberg in 1896, and since that time has been a member of the faculty at Hamilton. He is a member of several philological and scholastic societies, and as a result of his research work and his contributions to their publications, he has become recognized in the academic world as one of the greatest living authorities on Provencal and old French literature. He is also the president of the local chapter of Phi Beta Kappa.



Professor William Pierce Shepard, '92

Undergraduate Gym Committee to Begin Hill Campaign Soon

(Continued from Page One)

The committee is composed of the following: Simga Phi—Winant Sidle, Don Connell; Alpha Delta Phi—William Materne, Cecil Eagan; Psi Upsilon—Myron Carmer, Walter Rogers; Chi Psi—Hugh Riddleberger, Frank Taylor; Delta Upsilon—Joseph Santry, William Erickson; Delta Kappa Epsilon—Elgar Laux, Murray Gardner; Theta Delta Chi—Eugene Sullivan, Stephen Kelly; Emerson Literary Society—Robert Shankland, William Towner; Lambda Chi Alpha—Robert Allen, Charles Keane; Tau Kappa Epsilon—Duane Tucker, John Parrott; and for the neutrals—Jerold Button, Bert Guilford, Leslie Elliott, and Gregory Dwyer. This Committee is headed by Winant Sidle, '38.

Student Aid Sought

This soliciting will be handled in the same manner as is the plan with the alumni. The representatives of each house will pick their assistants. These assistants and the actual committee members will personally canvass each member of the fraternity group. A period of from two and a half to three years will be set aside for the payment of whatever sum the student decides to contribute. It is hoped by the committee that the undergraduates will take the money from their own pockets rather than writing home to their parents for it. The three-year period in which to pay the contributions should permit each student to give a fairly respectable sum. The Hill has been given a quota to fill, and at this point the committee is very hopeful of exceeding that quota.

New Plans Considered

In addition to the actual solicitation several other plans are underway for the additional augmentation of the sum to be contributed by the college. Plans for a series of dances are being formulated, the proceeds to go entirely to the gym fund. Several excellent suggestions were made by George Sicard, '06' at the Friday night all-college meeting, and the Interfraternity Council already has taken them under consideration, and will act upon them in the very near future. Some of these ideas are a cigarette-less day, a cereal dinner, Charlatan performances and choir concerts for profit, and one or two other promising plans.

The Undergraduate Committee has been hard at work and is ready to cooperate to the fullest extent with the central Alumni body. The drive is expected to begin at Hamilton on or about November 1.

Meeting in Commons Starts Undergraduate Drive for Gym Fund

(Continued from Page One)

the Utica Daily Press and chairman of the Regional Committee canvassing Utica and its surrounding territory, spoke of the national organization as "perfect. Every alumnus," he said, "will hear about it; any one with any interest in Hamilton College will be asked to contribute to this fund."

"Thirty years ago, the gymnasium satisfied the needs of the day, but now we need a new gym and we're going to get it."

Plans of New Building Shown

Next on the program was Albert I. Prettyman, Director of Physical Education, who displayed slides showing the plans for the new building. As he pointed out the proposed basketball courts, squash courts, home rooms, visiting team rooms, and other additions such as fencing room and pool room, the students sent up cheer after cheer.

It was an easy job after that for George Beilby, '38, to secure a pledge of full support of the football team by the undergraduates.

Football Coach A. R. Winters then spoke briefly concerning the next day's game with Rochester, and said that the team was "going out to win."

Students Should Lead Drive

George H. Sicard, '06 of Utica, a fiery speaker, gave the last talk of the evening. He told the students that they should be the leaders in gathering funds for the new gym. Of himself he said, "If I thought that President Roosevelt or the Pope had a thousand dollars to contribute, I'd go after it."

"I won't say," he went on, "in front of President Ferry, what I think of the present gymnasium. It's the place where Alec Hamilton, Shenandoah, and Kirkland played tiddley-winks. If I were you, I'd knock the place down and cart it away piece by piece, so you won't have anything to remember it by."

Sicard Suggests Ideas

"Let's make this year the Hamilton College Gymnasium Year," he said and went on to point out to the students several ways in which to make money, among which were "cereal dinners, cigarette-less days", and the charging of admission for the Charlatans' plays as well as for the performances given by the choir.

When he sat down, the Hall of Commons was a bedlam of sound, and as Sam Lake led the band in a last number, the following rendition of "Carissima" was one the like of which has been too long absent from the Hill.

Names of Members of the National Organization Of Hamilton Alumni Gymnasium Fund Committee

(Continued from Page One)

National Campaign Committee

Chairman National Campaign Committee ..... William M. Bristol Jr., '17
Vice-Chairman National Campaign Committee ..... Clancy D. Connell, '12

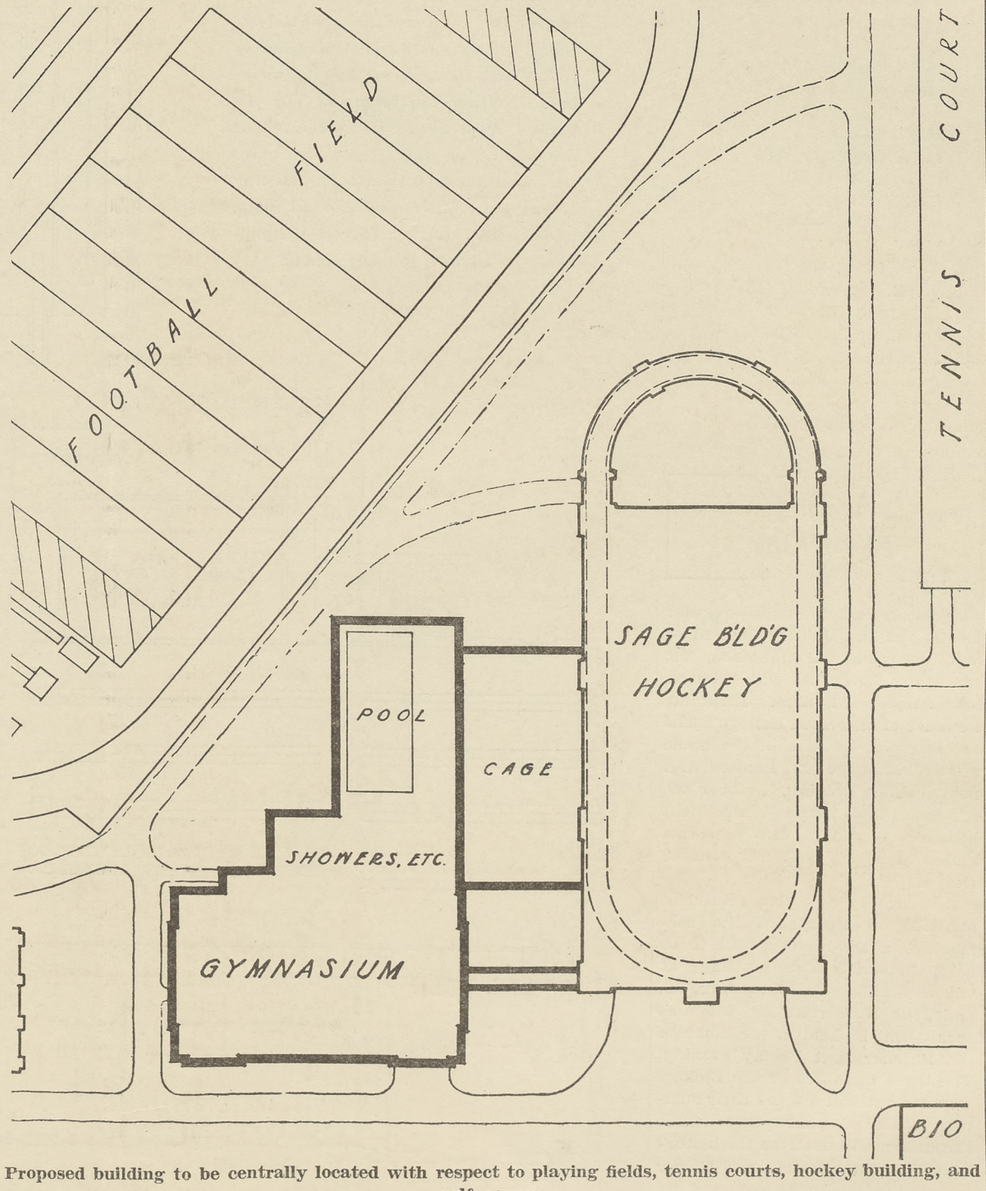
New Gymnasium to Be Center of College Athletic Plant



Proposed building to be centrally located with respect to playing fields, tennis courts, hockey building, and golf course.

Students Back Carnival Plans In Chapel Poll

Executive Council Support To Be Sought in Attempt To Secure Approval

Definitely aided by the affirmative results of a poll conducted by Frank Taylor in the chapel yesterday morning, tentative plans for a winter carnival are being pushed.

With less than 300 students voting, 233 undergraduates signified that they would attend a winter carnival if it were held during the mid-semester recess; the same number indicated that they would be willing to pay a flat-rate of seven dollars for the week-end.

Frank Taylor, promoter of this would-be addition to the social life of the Hill, is already busy attempting to rouse additional support among the members of the student body who did not attend chapel Tuesday morning. At present, the movement for this winter carnival is being pushed by unauthorized students, but this evening a complete outline of the plans will be presented to the Executive Council, and its official support will be requested.

The week-end will be formally opened by Otto Schniebs, American Olympic Ski Coach, who will act as a director of the carnival. Mr. Schniebs has been the ski coach at Dartmouth for six years and has been largely responsible for the success of the Dartmouth carnival. This opening will be held in Commons and will be followed by a presentation of the foreign movie, "Slalom". This movie is reputed to have the greatest ski shots ever photographed, and has lately finished a successful run in New York City. The scene of entertainment will later be shifted to the Sage Building, where an exhibition of figure skating will be presented by artists from New York and Boston.

Saturday morning there will be tobogganing, skiing, and skating for the guests and their escorts. In the afternoon an intramural ski meet will be the central attraction, and following that there will be sleigh rides for those thus inclined. Each house will hold a formal dinner on Saturday evening, to be followed by a hockey game. An all-college dance at the Yahnundasis Club will close the evening's formal program; the couples will be taken by bus from the Sage Building to the Club. Attempts are being made to secure a nationally known orchestra, such as Hal Kemp's or Horace Heidt's, for this dance.

ROOT GIVES ADDRESS IN CHAPEL SATURDAY

(Continued from Page One)

is never true to the idols it worships. "In any case, the pleasure of fame soon passes, the crowd grows fickle, and the debunkers have their day as puppies at the heels of Hamlet.....No one is quite so miserable as the Hamlet without an audience, the demagogue without a mob."

Fame, continued Mr. Root, is just as harsh to men who unwittingly fall into her bourn, Colonel Lindbergh's life was made wretched by publicity he never sought. Einstein is forced to spend much of his time trying to find seclusion. The crowds that cheered Admiral Dewey after Manila were the same crowds that hissed him six months later. Usually, Mr. Root observed, "the amount of pleasure a person gets out of fame is in inverse proportion to his size."

In conclusion, Mr. Root said that "the path of wisdom and the path of usefulness" is to do the task at hand, keeping one objective in mind, and following the way of wisdom, not that of the noisy extravert. One should join the army of citizens who pay the taxes and sustain the more public figures; thus one would be of some use in the world.

Mr. Root was graduated from Hamilton in 1903. A well-known corporation lawyer himself, Mr. Root is at present the head of a large firm of lawyers in New York City. At Hamilton, Mr. Root was a member of Phi Beta Kappa and of Pentagon. His interest in the College has been constant since his graduation, and he is now the Honorary Vice Chairman of the National Campaign Committee for the Gymnasium Fund Drive.

Frosh and Sophs Tie In Interclass Football With One Win Apiece

Two games have been played during the past few days in the Interclass Football League. The junior-senior combination was on the losing end of both the games, losing to each of the lower classes.

On Friday, the freshman eleven defeated the upperclassmen by a 7-0 score. On Monday of this week, the juniors and seniors again bowed, this time to the sophomores, 6-0.

Friday's game belonged to the freshmen from the opening kick-off until the final whistle. Late in the first half, the first-year men pushed over a score when Lowden bucked through the upperclass line for a touchdown. The play had been set up by Jack Williams' classy sprints around end, a pass from Williams to Eddy, and line-plunging by Lowden, which carried the frosh from beyond midfield to their opponents' 4-yard line.

Lowden's pass to Bonnet for the extra point was successful, making the score 7-0.

The upperclassmen never seriously threatened the freshman goal, but they managed to stay in the game through the herculean efforts of Les Elliott and Gar Hole. Elliott, in particular, was outstanding, both in offense and defense.

Monday's game was a trifle more even, but a pass from Charley Keane to Bob Forbush gave the sophomores a touchdown early in the game, providing them with a lead which they never relinquished.

To date, the freshmen and sophomores lead the interclass league together, having each defeated the juniors-seniors and havtied in a game played against each other.

CALENDAR

Friday, October 29

8 p.m.—Meeting of the History Club at Dr. Bonham's house

8 p.m.—Meeting of the Biology Club at Dr. Butcher's house.

Saturday, October 30

10 a.m.—Conferment of Honorary Degree on Senator Glass, in the College Chapel

2:30 p.m.—Football: Hamilton vs Swarthmore, at Clinton

2:30 p.m.—Soccer: Hamilton vs Williams, at Williamstown

Sunday, October 31

11 a.m.—Chapel Service: Sermon by Harry Lathrop Reed, D.D., President of the Auburn Theological Seminary, Auburn, N. Y.

Wednesday, November 3

Friday, November 19

8:15 p.m.—Address by Prof. Philip C. Jessup, '18, in the Chapel, on "Elihu Root, Statesman"

SIDLE-LIGHTS On Sports

by Winant Sidle, '38

Hamilton's gridiron forces seem to have come into their own at last. A combination of a weak Rochester squad and a hard playing Continental aggregation made the game completely one-sided, as is borne out by the fact that the Yellowjackets made only one first down and that was due to a dubious penalty for running into the kicker. If the locals can keep themselves at the peak they reached last Saturday it will bode very ill for their future opponents. On a dry field we venture to say that the score would have been even more lop-sided.

* * * * *

The Buff and Blue also had the distinction of being the first team to complete a pass against the Rivermen in the four games that the latter have played this season. A short toss to Carmer over the center of the line was good in the middle of the last period. The slipperiness of the ball made passing a very treacherous affair, and the locals only threw three all afternoon.

* * * * *

It is interesting to note that by official count Hamilton had more rooters at the game than Rochester did. The icy cold day kept attendance to a minimum, and the presence of Sam Lake's tooters swung the balance in favor of Hamilton. It was too cold for the band to play, but they made a very efficient section which made more noise than the usual crowd attending a Hamilton game at home.

* * * * *

In the last quarter Coach Winters had a chance to try out some of his subs who have not seen much action to date. The work of Fancher, Nord, and Gould was excellent, and it looks as if the locals have some fine reserve material if the need for it should ever arise.

Scores of Future Hill Opponents

Curiously enough, out of the three teams which Hamilton College will meet on the football field in the near future, two elevens were forced to be content with ties last. The combination of a weak squad lost its tussle by 13-12.

Swarthmore, the team to be met next Saturday, was held to a 13-13 tie by Oberlin, the eleven which also held Hamilton to a 0-0 tie two weeks ago. Union was the other college to be held to a tie when R. P. I. upset the dopesters and fought the Dutchmen to a 6-6 standstill.

Haverford, Hamilton's opponent November 6, bowed to a strong John Hopkins team with the score of 13-12. Haverford apparently had the edge all through this battle, but the breaks favored John Hopkins.

It is impossible to make any predictions as to Hamilton's football prospects.

Theater Time Schedule

(These hours are approximate)

Stanley: Friday through Wednesday—"Double Wedding", starting daily at 1:30.

Avon: Friday, Saturday, Monday, Tuesday, and Wednesday—"Women Men Marry" at 3:00, 5:40, 8:20; "The Perfect Speciman" at 1:30, 4:10, 6:50, and 9:40. Sunday—"Women Men Marry" at 3:25, 6:05, 8:45; 'The Perfect Speciman" at 2:00, 4:40, 7:15, and 9:55.

Olympic: Wednesday through Saturday—"Ali Baba" at 1:00, 3:54, 6:48, 9:42; "Speed to Spare" at 2:35, 5:29, 823; Sunday— "Ali Baba Goes to Town" at 2, 4:34, 7:08, 9:42; "Speed to Spare" at 3:34, 6:08, 8:42.

Utica: Wednesday and Thursday "Venus Makes Trouble" and "One Mile from Heaven". Friday and Saturday, "Love Under Fire" and "Roaring Timber". Sunday through Wednesday—"Stella Dallas" and "Thin Ice".

Close Gridiron Contest Looms This Week-end

Swarthmore Brings Heavy Squad to Meet Inspired Hillmen This Saturday

Facing the prospect of meeting a heavy, hard-running eleven from Swarthmore next Saturday on Steuben Field, the Hamilton Continentals are busy at work ironing out the defects which were evident in their bout with Rochester last week.

Swarthmore brings to Hamilton a team composed of shifty, fast backs and a heavy, fighting line. In Eberle and Jackle, the Pennsylvania team possesses two of the fastest backs in collegiate football. Jackle, besides being a fine runner, also plays the leading role in the passing and punting attack.

Last week, Swarthmore was held to a 13-13 tie by Oberlin, although she outplayed the Ohio Yeomen throughout the game. Union's strong eleven managed to eke out a victory in the last few seconds against Swarthmore, four weeks ago, when a field goal in the last minute of play turned the game in Union's favor.

When interviewed, Art Winters, Hamilton coach, said that Swarthmore "is bringing a fast and heavy team to the Hill this Saturday. Although Oberlin held them to a tie last week, they will be coming back with a vengeance against us. Comparative scores say that this game ought to be a toss-up."

Coach Winters will probably start the same eleven which did so well against the Yellowjackets last week. No serious injuries were reported as a result of Saturday's contest, and with Bill Towner and Bill Masters back in the game again, the Continentals will be able to put their strongest outfit on the field against Swarthmore.

The Philadelphians boast among their lineup a 234-pound tackle, Budd, who has the reputation of being as savage in his play as his poundage indicates. They also have two small ends who are outstanding defensively.

Soccer Team Wins Initial Victory by Topping Bard 1-0

Lone Goal Is Made by Hoch As Bad Weather Holds Scoring Down

A persevering Buff and Blue soccer team scored its first win of the season at Clinton last Saturday afternoon by defeating the Bard College booters by a score of 1-0.

The game was played under disheartening weather conditions with snow and rain slowing up the play of both teams. The Continentals made their goal in the first period when they worked the ball into scoring position in front of the net; Peter Hoch, inside left, kicked in the winning point. Just at the end of the first half the visitors netted a goal, but the referee claimed that the whistle had already been blown, and the goal was ruled out. There was some dispute about this decision, with the result that many of the spectators were unaware of the correct score until the game was finished.

The Hillmen kept the play in Bard territory throughout the game, and it was evident that they would probably have won by a greater margin on a dry field. Coach Gelas did not make a single substitution in the locals' lineup.

The lineup:

Hamilton		Bard
F. Nichols	G	Worcester
Lenci	RF	Bjornsgaard
Sprague	LF	Holt
Merck	RF	Merscher
Geer	CH	Pickard
Clark	LH	Stewart
Getman	RO	Sharp
D'Agostino	RI	Burnett
Laux	CF	Stearns
Hoch	LI	Bates
R. Nichols	LO	Weissberger

Goals—Hamilton: Hoch, first period.

Substitutions—Bard: Petit, Burrough, Gray.

DOWNS ROCHESTER—

(Continued from Page One)

safety for Hamilton, putting the Continentals ahead, 9-0.

Carmer Scores

Late in the same quarter, Hamilton again started to move. Starting from their own 48, Sullivan and Carmer alternated in carrying the ball to Rochester's 33-yard line. Carmer, stellar Buff and Blue captain, then took the ball on an end sweep, and behind perfect blocking by his teammates, sprinted the remaining distance to the goal line, shaking off two would-be tacklers on the 5-yard line and crossing the last chalk mark standing up. Again the reliable toe of Dick Farrell proved its worth as he converted the placement, and Hamilton led 16-0.

Kicking Duel

Erickson's kick-off to start the second half was short, and Rochester recovered near mid-field. But it was unable to capitalize on this break and was forced to punt. From this play on, the quarter definitely became a kicking duel between Oliver, the Yellowjacket punter, and Farrell, the Buff and Blue booter. Neither team gained much territory in this manner, so the spectators settled back to wait for a definite break in the game.

Continentals Move

Near the end of the third quarter, Carmer, behind excellent interference, again swept around right end, shaking tacklers off on the way, for 23 yards. Once more the Buff and Blue offense started to move. Sullivan raced around right end for 5 yards, but a few plays later, Carmer was thrown for a 2-yard loss and the attack bogged down. Farrell got off another beautiful, spiraling punt to Rochester's 12-yard line and again Oliver fumbled in attempting to punt out of danger, He himself, however, recovered on the 7 and on the next play punted to the Rochester 37.

Rochester Passes

In the fourth quarter, Rochester dropped the defensive tactics which she had used during the first three quarters of the game, and took to the air when following Farrell's kick to the Rochester 38, Larsen faded back and passed to Tucker for a 4-yard gain. Larsen's second pass of the quarter was intercepted by Farrell. Sullivan and Carmer then plunged to a first down at mid-field. This was Hamilton's last offensive threat of the game, for after Farrell punted over the goal line, the Yellowjackets held the ball for most of the remainder of the game.

Following Farrell's punt, Coach Winters substituted the second team, and the Buff and Blue substitutes were able to hold the Yellowjackets in enemy territory until the gun. The final score was 16-0 in favor of Hamilton.

The lineup:

Hamilton		Rochester
Hilfinger	LE	Oliver
Erickson	LT	Durston
Platt	LG	Balonek
Dwyer	C	Weston
McGinn	RG	Neuman
Beilby	RT	Stugis
Remis	RE	Tucker
Farrell	QB	Dolke
Riddleberger	LHB	Boucher
Sullivan	RHB	Gersbach
Carmer (Capt.)	FB	Gliottone

Substitutions: Hamilton—ends: Sisson, Adams; tackles: Gardner, F. H. Thomas, Fancher, Harder; guards: Gould, Nord; center: Chappell; backs; Masters, J. A. L. Thomas, Keane, S. Jones, Connell. Rochester—ends: Oliver; tackles: Connor, Hattstrom; guards: DeMers, Herrick; center: Martin; backs: Addington, Larson, Klein, Mee.

Chapel Preacher Emphasizes Faith For College Graduate

Rev. Harold B. Walker, of Utica, Criticizes Student Cynicism As Psychological Frustration of Individual Ambitions

In the chapel sermon last Sunday morning, the Rev. Harold B. Walker, D.D., pastor of the First Presbyterian Church of Utica, declared that the greatest need of man today is staying power. Taking his text from the fourteenth chapter of St. Luke, he said that there are one hundred men with starting power to one with finishing power.

The preacher said that it is much easier to begin well than to end well. Ministers wonder, when they marry young couples, if the two really mean to live together "until death do us part". Most young college students find it rather easy to be good. They have all the advantages which culture and home life can give them. After college, however, they must face the brutal realities of life. Dr. Walker compared college to the lecture room and life to the laboratory. He said that most of the failures come in the transition from the lecture room to the laboratory. Here the staying power of a man is put to its first test.

There are two fundamentals reasons for our lack of staying power, Dr. Walker continued. The first is outward pressure upon us. "Continued pushing rots the fibers of moral independence and intellectual honesty." We very often do things which we would prefer not to do, giving as an excuse, "What else could I have done?"

The second factor in this lack of staying power is inward inadequacy. We make up alibis for ourselves. The most common of these alibis is cynicism. Typical of this spirit is the response made by a college cynic to a query concerning his opinion on life: "Life is the jail sentence we receive for the crime of being born." "Cynics," declared Dr. Walker, "say that their opinions are based upon philosophical insight, but they really are based on psychological frustration."

The chapel preacher for next Sunday, October 31, is President Harry Lathrop Reed of the Auburn Theological Seminary.

Soccer Squad Faces Strong Williams Team In Underdog Position

When the Continental booters meet Williams at Williamstown next Saturday, they will be pitted against one of the strongest teams on their schedule. The Williams team, which is rated one of the most powerful in the east, defeated Hamilton by the score of 3-1 last year.

The lineup will probably be the same as last week's, with Fred Nichols at the goal; Lenci and Sprague as fullbacks; Clark, Geer, and Merck in the halfback positions; and R. Nichols, Hoch, Capt. Laux, D'Agostino, and Getman making up the remainder of the aggregation.

After having defeated Bard 1-0 last week, the Buff and Blue booters have reasonable hopes of taking the Williams array in their stride, although the Purple is rated the favorite.

GYM EQUIPMENT—

(Continued from Page Three)

courts, each as long as the one now being used by the Hamilton squad. The gymnasium will of course include all the equipment to be found in an up-to-date gymnasium. There will be a large exercise room on the same floor as the basketball court, and probably a reception room for ladies. On the gallery level there will also be the fencing room, where Hamilton swordsmen may practice in proper surroundings, with enough real elbow room. The fencing room will be approachable only from the floor below; people walking through the second floor in street clothes will be able to look into the room through a heavy pane of glass but will be unable to enter it.

A new feature of the gymnasium will be a ski room in the basement for Hamilton's as-yet-untried ski team. With the interest in skiing which is rapidly spreading through the east today, it is hoped that Hamilton may be able to keep in step with her neighbors and college rivals. The gymnasium will also include handball and squash courts, to be located near the basketball courts on the second floor, and possibly banquet facilities.

The exterior of the building will be in complete harmony with the other buildings on the Hamilton campus, particularly with those which will share the second quadrangle with the gymnasium. With the erection of this building, the Department of Physical Education will no longer find itself hampered by the lack of necessary space and facilities for the proper handling of physical training.
